Fitting in with Napier's art deco history, the night will bring alive the roaring 1920's with amazing music, decorations and food to really set the scene. Put on your best Great Gatsby outfit and join the acoustic swing band and Charleston dancers for a night to remember!

A KIWI CULTURAL EXPERIENCE

Sunday 23rd October 9am

Main Stadium, Pettigrew Arena

We welcome all delegations to join the Kahurangi Dance Company for a traditional Maori experience on the Sunday morning.

The cultural experience will involve the sharing of knowledge relative to the Hawkes Bay region, the sharing of waiata, haka, poi, and mau rakau. The Kahurangi students will workshop with the various groups/countries in a fun environment that will hopefully enhance their experience of Aotearoa.

The Kahurangi Maori Dance Theatre was at the forefront of the renaissance of Maori Performing Arts. Formed in the early 1980's by Tama Huata and a team who shared his vision to present Maori performing arts in a dynamic and contemporary manner, our touring teams have travelled the world promoting cultural understanding, and inviting audiences to participate in their programmes.

Kahurangi is a New Zealand treasure with extraordinary vitality, passion, strength and athleticism. They have thrilled audiences with their unique blend of Maori song, dance and heritage. The Company employs outstanding young Maori performers and graduates of the Takitimu Performing Arts School, (the first tertiary institution in New Zealand to offer a degree course in their traditional Maori performing arts) who reflect the energy of Ngati Kahungunu carrying the listener on a journey of discovery and celebration.

PHOTOGRAPHER

A professional photographer will so be on site for team photos, with shots taken through the day on display for those who wish to purchase directly with the photographer.

EVENT PHYSIO

Introducing Patrick Peng – our event physio for the championships. Patrick will be available for all delegation's athletes. Please have coaches or team managers accompany athletes to the physio area for initial consultation.

"Hi my name is Patrick and I am a High-performance Sports specific Physiotherapist. Having done gymnastics at a high level for 15 years of my life; attending 2 x Commonwealth Games and 5 x World champs, I ended up getting a pretty good idea of what the human body is capable of, as well as what happens when the body decides to fail. So naturally, physiotherapy seemed the most appropriate profession moving forwards after my Gymnastics career.

I Graduated from AUT in 2011 with a Bachelor of Health Science in Physiotherapy. I then did some post-graduate study in acupuncture and sports-medicine. I have just returned to NZL after a 2 year stint in the great city of London. During that time I increased my experience in sports-medicine, working in various multi-disciplinary sports physiotherapy practices. I was the physio for the NZL team at the 2015 World Champs in Glasgow, as well as meeting up with Dylan Schmidt in Rio for the Olympic test event.

I have a great passion for all things sports, particularly high-level rehabilitation and fixing those little annoying niggles that we all have to train through. I very much look forward to offering my services to anyone in need during the Indo-Pacific championships coming up."
