Overview of New Zealand Competitive Structure

Introduction
This manual is intended to cover the major Rhythmic Gymnastics competition grades offered throughout New Zealand. The streams are:

Stages and International Grades:
These grades are designed to prepare gymnasts to compete at an international level. The Stages and International grades which are offered in New Zealand are:

- **Senior International** - Age requirement: min turning 16 in year of competition. FIG senior international requirements as per the FIG RG Code of Points
- **Junior International** – Age requirements: min turning 13/max turning 15 in year of competition. FIG junior international requirements as per the FIG RG Code of Points
- **Stage 4** – Age requirement: min turning 10/max turning 12 in year of competition.
- **Stage 3** – Age requirement: min turning 9/max turning 11 in year of competition.
- **Stage 2** – Age requirement: min turning 7/max turning 9 in year of competition. Offered at a club and regional level only (not offered at the New Zealand National Championships).
- **Stage 1** – Age requirement: max turning 7 in year of competition. Offered at a club and regional level only (not offered at the New Zealand National Championships).

Levels Grades:
The Levels grades are designed to be ability, as opposed to age based, thus there is no age restrictions on any of the Levels grades. Ideally a gymnast begins in Level 1 and progresses through the Levels as their skills increase, however gymnasts do not have to start in Level 1.

The GymSports New Zealand (GSNZ) Levels programme is closely aligned with the FIG Code in that the gymnasts have a choice of what difficulties they perform, thus they will be able to perform difficulties that suit them best, as well as being rewarded for performing more complex apparatus handling.

The Levels offered are:

- **Levels 1, 2 and 3** – Offered at a club and regional level only (not offered at the New Zealand National Championships). These Levels are designed to give gymnasts an introduction into competitive rhythmic gymnastics and the focus should be on introducing fundamental moves with correct posture and basic apparatus technique so as to give a good grounding for more difficult movements to be introduced at the higher levels.
• **Levels 4 and 5** – These are the first Levels that are offered at the New Zealand National Championships. In body work, both flexibility and strength should be introduced to a greater extent in a progressive way. The emphasis in apparatus handling should still be on basic technique: apparatus technique should be well formed, without statism and should show variety amongst technical groups.

• **Levels 6, 7 and 8** – By now gymnasts should have a good foundation in rhythmic gymnastics. Gymnasts should be in a position of coordinating body difficulties with more complex apparatus handling, and thus more scope is given to show a variety of apparatus handling.

• **Levels 9 and 10** – These grades are based on FIG junior and senior requirements respectively. Gymnasts in these grades are likely to focus on their individual strengths, and emphasis should be on giving a well-rounded performance with moves which complement the gymnast’s music and individual style.

**Groups:**

There are 7 multiples (group) grades. The grades which are recognised across the country are:

• **Grade I**: For Level 1-3 and Stage 1-2 gymnasts under 10 years of age. Offered at a club and regional level only (not offered at the New Zealand National Championships).

• **Grade II**: For Level 1-3 gymnasts, no age restriction. Offered at a club and regional level only (not offered at the New Zealand National Championships).

• **Grade III**: For Stage 3 and 4 gymnasts. A maximum of two Levels gymnasts may participate in this grade as long as the relevant age requirement is met.

• **Grade IV**: For Level 1-6 gymnasts. A maximum of two Stage 3 or 4 gymnasts may participate in this grade.

• **Grade V**: For Level 4-10 gymnasts. A maximum of two International grade gymnasts may also participate in this grade.

• **Grade VI**: This grade is based on the junior international group grade, with FIG junior group requirements. Gymnasts must be a minimum of turning 13, and maximum of turning 15 in year of competition unless they are a current Stage 4 gymnast.

• **Grade VII**: This grade is based on the senior international group grade, with FIG senior group requirements. Gymnasts must be a minimum of turning 16 in year of competition.

For Groups I-V the group can be composed of 4 or 5 gymnasts per showing. Groups VI and VII must be composed of 5 gymnasts per showing.

For all Groups the group is awarded for the combined total of showing 1 and 2.

**Pairs and Trios**

GSNZ does not offer Pairs or Trios at a national level. Regions/clubs are welcome to offer Pairs and Trios at a local level – it is suggested that the same requirements are used as for the equivalent group grades.

## Notes

**Apparatus**

**Grade 5 groups may choose to perform two showings of the same (mixed apparatus) routine or one showing of each (mixed apparatus and same apparatus) routine.**

**Body Difficulties**

- **Level 1-10:** e.g Min 3, Max 6 (min 1 of each) indicates a minimum of 3 difficulties must appear in the routine of which there must be one from each body group. The remaining optional maximum difficulties may be from any of the body groups.

- **Grade 2, 3 & 4:** e.g 6 - 3 with exchange*, 3 without indicates a total of 6 body difficulties must appear in the routine of which there must be a 3 performed with an exchange and 3 performed as isolated body difficulties. The exchanges for Grade 2 do not have to be throws and can instead be rolls or bouncing.

- **Grade 5:** 9 - 4 with exchange, 4 without, 1 optional indicates a total of 9 difficulties must appear in the routine of which there must be a 4 performed with an exchange, 4 performed as isolated body difficulties and one optional.

- e.g. *7 - 3 with exchange, 3 without, 1 optional* indicates a total of 7 difficulties must appear in the routine of which there must be 4 performed with an exchange, 4 performed as isolated body difficulties and one optional.

**Body Difficulties value allowed**

- e.g. *Any FIG* indicates the body difficulties appearing on the routine sheet can be from any of those listed in the FIG Code of Points and are not limited by a maximum value.

**Dance Steps**
- e.g. *Min 1 set for min of 8 secs* indicates there must be a minimum of 1 set of dance steps appearing on the routine sheet. The dance steps must be at least 8 seconds long as well as match the tempo and rhythm of the music.

**Dynamic Elements**
- e.g. *Min 1 – R2 or higher* indicates there must be a minimum of 1 dynamic element appearing in the routine. Each dynamic element must contain a minimum of a double rotation.
National A Body Difficulties
National A’s are difficulties that are only recognised in New Zealand and are valid as difficulties for Levels 1-3 only. Each has a value of 0.10.

National A Dynamic Elements with Rotation (R1)
National A Dynamic element with rotation (or R1) is only recognised in New Zealand and is valid for Level 1-6, Stage 1-2 as well as Grade II & IV group. Unlike the dynamic elements with rotation described in the FIG Code of Points, R1 requires only a single rotation of the body around any axis under a throw. The base value assigned to R1 is 0.10 pts. Gymnasts are still able to add additional criteria to R1 that is relevant to the skill being performed e.g. without the help of hands, outside visual control. For more information and a list of criteria, please see the 2017-2020 FIG Code of Points (Section 5.2).

Prohibited Body Difficulties
Any difficulty that uses the back scale position (trunk below horizontal) is prohibited in Stage 1-3 and Level 1-5 routines. Failure to comply with these rules will result in a 0.50 pts deduction from the final score.

Freehand Dynamic Rotations
(Valid for Levels 1-5 Freehand and Grade 1 Group routines)
Dynamic elements of rotation can include all elements of rotation (including any 0.1 value rotation difficulties) Gymnasts may include dynamic rotations in a freehand routine a maximum of three times, Level 1 and 2 can have a max of two rotations in each series, Level 3, 4 & 5 can have a max of three rotations in each series. Additional criteria of change of body rotation axis and/or change of level can be included for an additional 0.1 (change of axis and level is given only once in a series) The dynamic elements that can be used for freehand should be performed correctly and dynamically like when performed under throws. The same rules apply as per the code of points regarding repetition of rotations in freehand; you can only perform each type of rotation one time.

New Zealand National Levels Programme

Starting Point

It is suggested that every gymnast wanting to compete in the National System starts at Level 1; however gymnasts starting the sport at 10yrs or older may already have the basic skills to begin at a higher Level.

Once a gymnast has competed in a particular Level at a sanctioned competition, they cannot compete in a lower Level. Award scheme and qualification system will determine the competing Level.

The Rhythmic Sports Development Committee (SDC) reserves the right to regrade a gymnast due to extenuating circumstances.

Passing a Level

The idea of the Levels system is that gymnasts can systematically progress through the levels, starting at 1 and finishing at 10. A gymnast ‘passes’ a Level when she achieves a certain standard. This can be done by:

Either

(i) Achieving an all around total pass mark at a single competition or achieving the pass mark in each apparatus at separate competitions

(ii) And having her Levels card (showing competition results) verified by GymSports New Zealand

Once a gymnast achieves the pass mark in any of the ways outlined above, that gymnast must progress to the next Level in the following year of competition. The only exceptions to this are:

- Gymnasts in Levels 7-9 may remain in their Level for 2 years regardless of the marks achieved in the first year.
  - In extenuating circumstances the RG SDC can request that a gymnast must progress to the next Level at the end of the first year OR
  - A coach can apply to have a gymnast remain in Levels 7-9 for longer than 2 years using an Application for Regrade form.

- Level 10 gymnasts may stay in Level 10 indefinitely.

- If a gymnast has a significant break from competitive gymnastics, an application may be made to GSNZ for consideration to recommence competition at an appropriate Level, using an Application for Regrade form.

- If a coach would like a gymnast to remain in a particular Level despite achieving the pass mark, or would like a gymnast to skip a Level can apply to GSNZ to request a gymnast stays in a particular level, using an Application for Regrade form.

Note: A gymnast may progress through more than one Level in a season.
Levels Card Submission

Following completion of the year’s competitions, Clubs should submit ALL cards to GSNZ (at the address below) by 1 December irrespective of whether they relate to gymnasts who have qualified at a Level or not.

If however a coach would like to progress a gymnast within a season, when it is considered that a gymnast has achieved the standard to advance to the next Level, her Levels card must be sent for verification.

When a gymnast competes at the next Level, this verification must be produced to competition organisers.

Following verification, the gymnast is eligible to purchase the corresponding Levels badge. A Levels badge authorisation / order form will be returned with the Levels card. When submitting cards, please enclose a stamped addressed envelope for return.

Ribbons

When competing in the first competition at any Level, each gymnast will be awarded a ribbon on each of the apparatus she competes, the colour of which recognises her performance level. Thereafter she will gain additional ribbons if her performance level improves to a higher score group.

Note: Some competitions do not offer Ribbons.

Important Points

Judging panels must be submitted to the Rhythmic SDC Judging Advisor for approval prior to a competition or testing day.

A copy of the results, recording sheets and judge’s panels from all competitions should be sent to the GSNZ Events Manager within 7 days of completion of the competition.

Levels cards, ribbons and badges are available for purchase from GSNZ.

Gymnasts can pass a Level at a sanctioned event or an unsanctioned event as long as the minimum judging panel requirements are met. Gymnasts can only qualify for GSNZ National Championships at a sanctioned event.
