

RECREATIONAL HEAD COACH

Huntly Gymnastics Club has an opportunity for a motivated and experienced coach to plan and deliver our recreational gymnastic programme to the many children and community groups who attend our club. We are growing every term and need to cater for our community.

This programme typically caters for children aged 5 - 15 years and we are looking for someone who not only loves gymnastics but genuinely enjoys working with children.

You will need to have good communication skills and who can positively and confidently communicate with our gymnasts, coaches and parents.

We offer lots of pathways for our members within other Gymsport codes so it's essential that you can work as part of a team.

You will need a moderate level of experience using word and excel for your planning lessons, however, help will also be provided.

It would be an advantage to have a Gymsports qualification however, there will be opportunities for further professional development and qualifications.

If you are passionate about gymnastics and have the experience to match we would love to hear from you.

All applications please attach a cover letter and CV and send to huntlygymnastics@gmail.com
