

MAG & WAG coaches wanted

Recreational & Competitive

Casual – Full time for the right person.

GymCity is looking for coaches with a passion for the sport of gymnastics who genuinely like working with children and youth to join our dynamic and hardworking team.

We are looking for coaches interested in the following areas: daytime schools and preschool programmes, afternoon recreational girls and boys programmes, parkour or free running, tumbling, competitive boys and girls programmes.

The job will require you to have the ability to work with boys and girls of different ages and levels of talent. It would be helpful if you are a former gymnast yourself, but this isn't a job requirement especially in the preschool, schools and recreational area as we will provide training.

Requirements: Good interpersonal skills are necessary to communicate with parents, staff and the general public. As a coach you might have to travel to team competitions, specialize in teaching one specific event and learn about competition requirements. Our facilities require that all coaches need to pass a police background check and go through our induction process to learn our policies and procedures. You will need to have or be required to attain the correct qualifications set out by our national body Gymnastics New Zealand for the area you will be coaching in. We will be willing to help in this area if needed.

Applicants from outside New Zealand will need the correct working visa.

Duties: Gymnastics coaches will be responsible for leading and supervising classes with children as young as two years old. Duties may include setting up and safe-proofing the gym area, instructing and demonstrating skills and abilities in gymnastics, developing dynamic lesson plans where and if needed, training new instructors and administering first aid if necessary. Coaches will have to maintain records of classes and check that all fees have been paid by participants. You will be required to ensure that the gym is set down properly after your class and consult with other coaches regarding equipment storage and set up for the next session.

If you require more information please contact the Manager or send your CV to
