

Trampoline Competition Calendar 2020

June 2019

This document outlines the Trampoline competition calendar Framework for 2020 and has been developed in consultation with the Trampoline Technical Committee (TRA TC).

2020 Event Framework

The Qualifying Calendar review across all codes identified key elements recommended for the creation of calendars, including;

- **Spread of Events:** A reasonable spread of events of 2-3 weeks, for athlete, coach and judge well-being. Where back to back competitions have to be held, these should be limited. It is a preference of the Trampoline TC that TRA qualifying competitions between the North and South Island are placed on separate weekends where possible.

Please note: - Clubs can apply to host an event on a weekend that works for them but aiming for a spread of events and no clashes will mean some clubs may not get their first choice weekend.

Trampoline and Tumbling specific calendar criteria have also been determined by the TC;

- **Endorsed Qualifying Competition Season:**
 - Starts on 29 February/01 March 2020 through to 23/24 May 2020.
- **Event format:**
 - International standalone or Age Group standalone competitions will be considered due to the numbers of entries.
 - **Tumble competitions** can be held either as a standalone competition or alongside other competitions (WAG/MAG Competitions will also be considered)
- **Events required for qualifying season:**

		<i>Number of Events per code*</i>
Tier 1	NZ National Championship's	One event
Tier 2	iTRACCS Qualification Events -First events of the season.	Two Events (one in each island for each code)
	North Island and South Island Championships	Two Events (one in each island for each code)
Tier 3	Regional Events: North Island	3-5 Events in each Island
	Regional Events: South Island	3-5 Events in each Island
Tier 4	Club Events	As needed to fill event requirements for qualifying calendar.

- **New Events:** The need for new events each year will be assessed, by the TRA TC, based on the needs and growth of each code, and communicated to the community.
- For 2020, the TRA Technical Committee believe there are currently sufficient competitions within New Zealand but acknowledge the need for more TUM Competitions in the South Island.

Table 1 shows an overview of the Trampoline season including the International and National Calendar.

Table 1: Overview of Trampoline and Tumbling Season

	FEB	MAR	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV
INTERNATIONAL CALENDAR 2020	Australia Nationals Qualifier (South Island)	Australia Nationals Qualifier (North Island)	Pacific Rim Champs (NZ)	Australian National Champs		NZ Nationals	Event opportunities in development.			
NATIONAL TRAMPOLINE CALENDAR	Endorsed Qualifying Competitions					NZ Nationals	Event opportunities in development.			

Transition to 2020

With a shortened timeframe between the 2019 and 2020 calendar, the Trampoline TC has put in place the following qualifying criteria in the transition to the 2020 National Championships.

2020 Nationals Qualification: The 2019 National Championships will be a qualifier for the 2020 National Championships with exception to the following;

- Age Group Athletes moving into the International Stream
- Junior International Athletes moving into Senior International

Please note: - The ITRACCS qualification framework will remain as the tool used to specify the qualification score and difficulty criteria for qualifying events.

Beyond Nationals 2020

The competition programme for the second half of 2020 and beyond, will be developed as part of the Project 2020, Project 4 - Event Opportunities for All. This includes;

- Establishing World Qualifying event structure for 2021
- Competitive event opportunities outside of the nationals qualifying period.
- The development of the Gym for All pathways
