

Intentions To Travel

What they are and why they are important.

What is an ITT?

An ITT is an Intention to Travel.

This is the first part of the qualification process and a mandatory part of the eligibility criteria for any athlete or official wanting to travel on a NZ tour.

ITTs are done on an annual basis except for participation tours that are added to the calendar during the year.

What am I signing?

By submitting an ITT you are:

- Committing yourself to traveling on the tour, should you be selected
- Agreeing that should you withdraw from the tour after the withdrawal date or nomination date, you could be liable for a withdrawal fee and potential stand down from NZ tours
- Agreeing to the indicative budget provided in the ITT
- Agreeing to all terms as laid out in the Tours Manual
- Agreeing to abide by Gymnastics NZ policies and regulations

IMPORTANT

Make a note of the withdrawal date on the ITT. You will not be sent a separate reminder.

If your commitments or circumstances change between submitting an ITT and this date, then you can withdraw without a fee or penalty.

Withdrawing after the withdrawal date could incur a withdrawal fee or penalties as per the International Tours Manual.

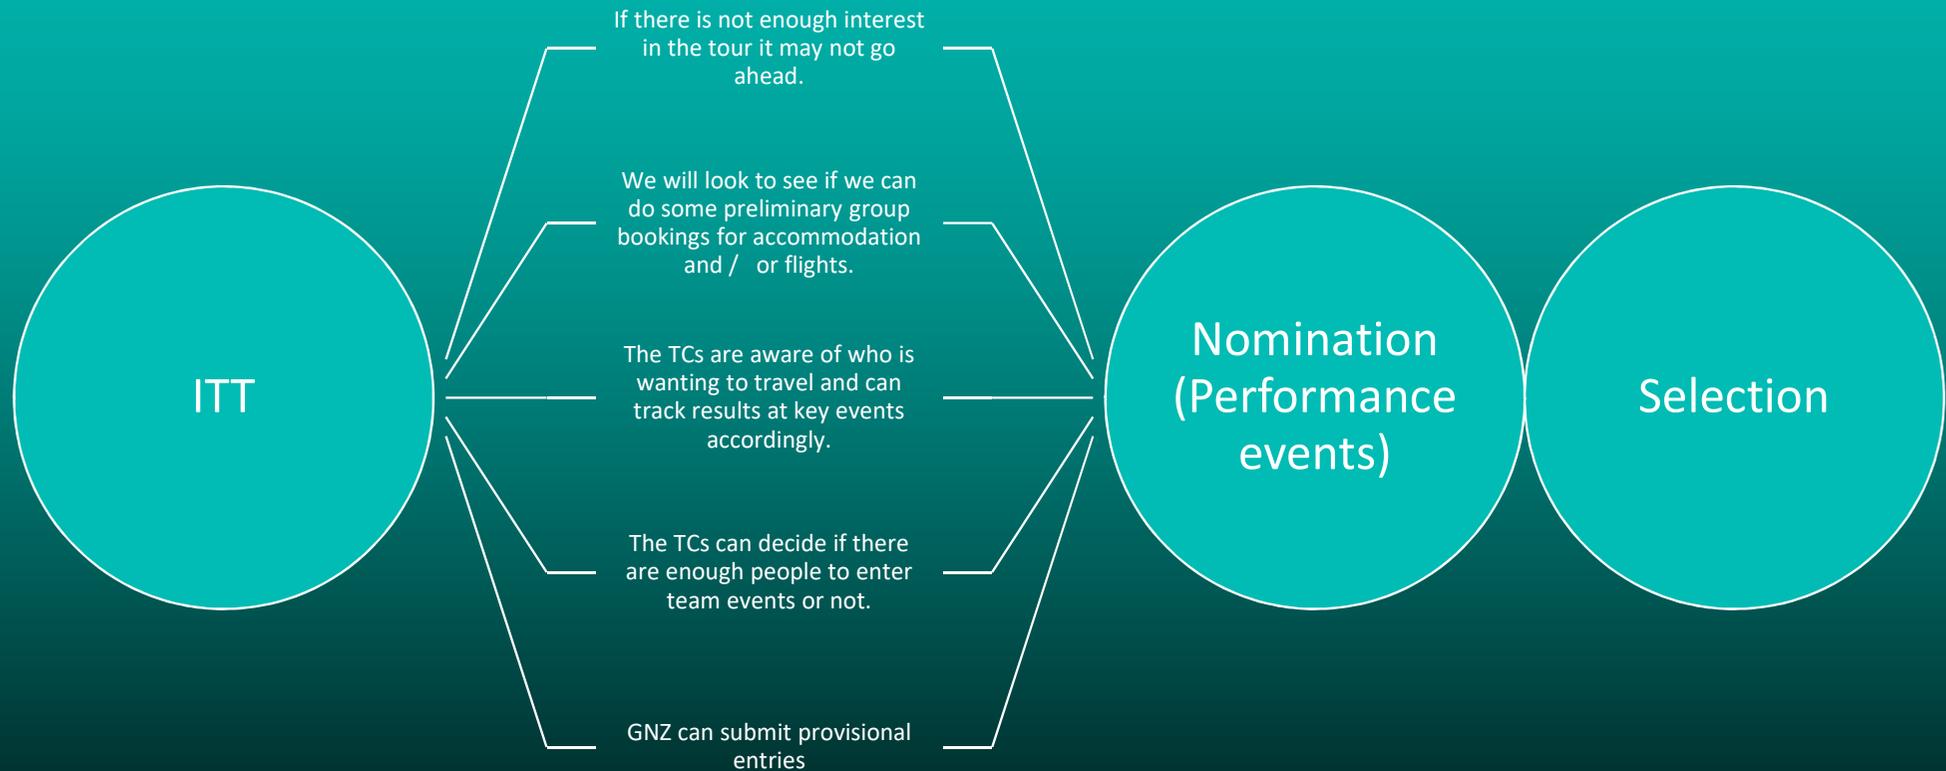

Why is it necessary?

An ITT enables us to:

1. Plan tours and logistics in a timely manner.
2. Set financial expectations up front for both athletes/parents and Gymnastics NZ.
3. Create a transparent and efficient tours booking system.

How ITTs are used
