

**Our Values: Respect | Accountability | Positivity | Integrity | Trust**

## **Recreational Gymnastics Coach (from Term 1 2021)**

### **Park Overview**

Bruce Pulman Park is a unique sport and recreational facility featuring world-class sports outdoor and indoor spaces in 64 hectares of park. We are dedicated to the sustainable delivery of sport & recreation for our local community and beyond.

Pulman Recreation Centre sits within the Park and is led by the Centre Manager as part of the overall Management Team. As the home of Counties Manukau Gymnastics, the Park and club work closely together to run both recreational programmes for the local community and competitive training for the more serious Gymnast.

We are now on the look-out for a number of coaches who can complement our existing team. We run Pre School Classes, School Delivery Classes, Afterschool & Weekend Programs. In addition, we also have specialist classes for Artistic Gymnastics (MAG & WAG), Rhythmic, Trampoline, and Tumbling.

### **Position Description**

We are looking for individuals with coaching, childcare or teaching background (or an interest in this space) who are looking for a part-time work to fit with their current lifestyle situation. Whilst a coaching qualification or a knowledge of gymnastics is desirable it's certainly not essential for this role.

More important is the ability of our coaches to deliver our coaching sessions to the children in a fun, engaging and interesting way. Your ability to create a safe and supportive learning environment that nurtures and grows our young people, developing life skills that go beyond gymnastics. We are looking for coaches comfortable speaking with parents and teachers about the pupil's progress, and those with the ability to work with a diverse spectrum of pupils and coaches.

For the right person, there will be opportunities to grow and develop into a leadership role. Support will be there towards gaining gymnastic specific coaching qualifications and ongoing personal development.

We are looking for people with availability in their schedule to deliver either daytime school sessions, afterschool classes from 3.30 pm onwards, and/or weekend classes.

### **Requirements:**

- Good Communication skills
- Confident and positive attitude.
- Well presented
- Team player
- Experience in coaching or teaching, or an interest in doing so.
- Reliable with good organisation skills and attention to detail
- First Aid (can be trained), Working with Children Check (to be obtained prior to commencing work)

As a centre, we pride ourselves on supporting our staff and providing them with opportunities to grow and develop.

If you have a genuine interest in our community and being part of the team, please forward your CV and Cover Letter to Centre Manager, david.herbert@brucepulmanpark.com
