

## PRESCHOOL GYMNASTICS COACH REQUIRED

The Queenstown Gymnastics Club seeks to employ a Preschool Gymnastics Coach, working with the other coaches in running our preschool gymnastics programme. Previous gymnastics experience and/or coaching is ideal but not required. Prior experience working with young children and toddlers is a prerequisite as is the ability to legally work in NZ. The Preschool Coach role has flexible part time hours during Monday to Saturday morning times. The coach will work approximately 3-4 set mornings for a total of 5-10 hours per week. Potential for evening work and more hours is available depending upon experience. Gymnastics training will be available! Role commences the beginning of February 2021.

The right person will have experience in working and communicating with young children, be hands on, supportive and pro-active whilst ensuring their safety. The club offers an intimate coaching environment with a progressive and supportive committee, and seeks to progress our coaches through the GymSportsNZ coaching programme.
