

Intentions To Travel

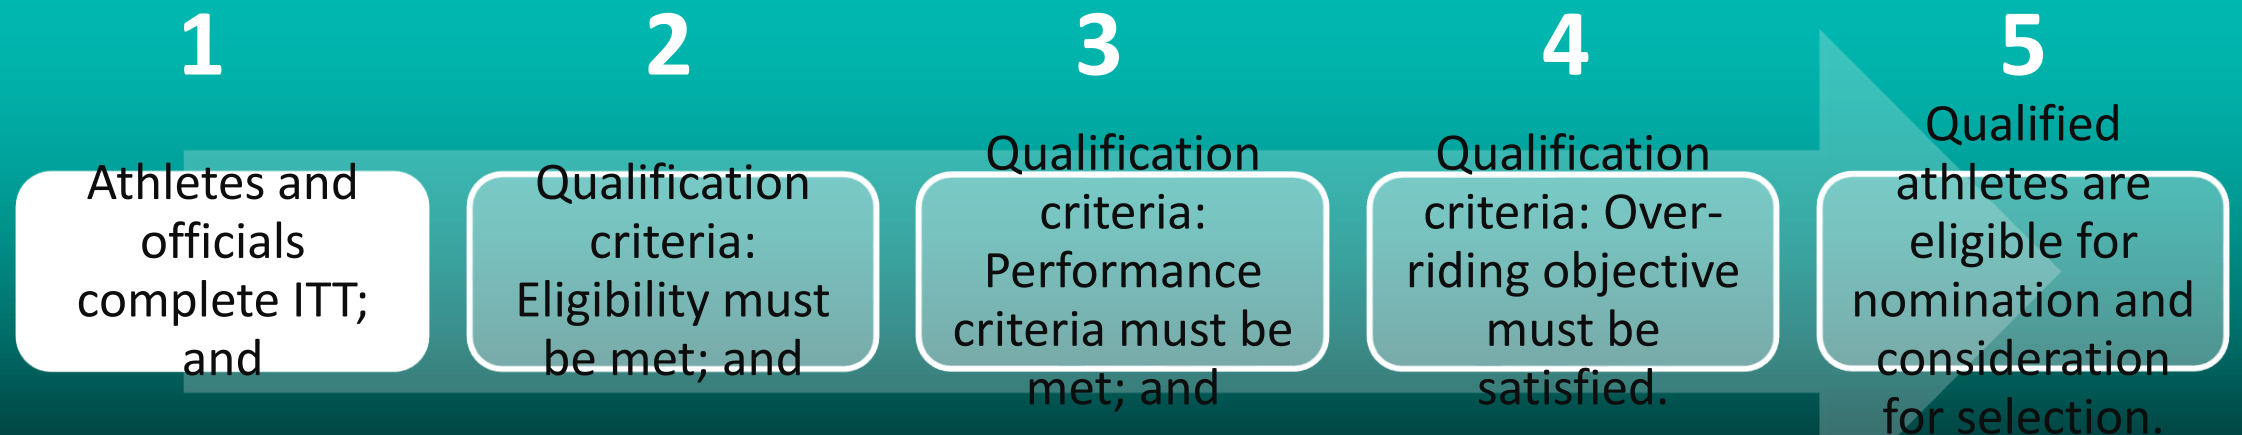

What they are and why they are important.

What is an ITT?

An ITT is an Intention to Travel.

This is the first step of attending an international tour. This is a mandatory part of the eligibility criteria for any athlete or official wanting to travel on a NZ tour. It enables the Technical Committee and GNZ to start planning Tour logistics.

Qualification Process

What am I signing?

By submitting an ITT you are:

- Committing yourself to traveling on the tour, should you be selected
- Agreeing that should you withdraw from the tour after the withdrawal date or nomination date, you could be liable for a withdrawal fee and potential stand down from NZ tours
- Agreeing to the indicative budget provided in the ITT
- Agreeing to all terms as laid out in the Tours Manual
- Agreeing to abide by Gymnastics NZ policies and regulations

IMPORTANT

If your commitments or circumstances change between submitting an ITT and team selection then you can withdraw without a fee or penalty.

Withdrawing after the selection could incur a withdrawal fee or penalties as per the International Tours Manual.

Why is it necessary?

An ITT enables us to:

1. Plan tours and logistics in a timely manner.
2. Set financial expectations up front for both athletes/parents and Gymnastics NZ.
3. Create a transparent and efficient tours booking system.

How ITTs are used
