### **WAG Coach, step 4+**

MIGS is currently looking for an experienced Women's Artistic Coach to take over the step 4 and above competitive programme. This role is available for immediate start, and would report to the Centre Manager. This role is flexible and training days/hours can be planned to suit the right candidate. We estimate 15-20 hours per week as a minimum, including coaching, planning, and mentoring of younger coaches if a suitable opportunity arises. If this role or part of the role interests you, get in touch with the committee to have a chat about options.
