

WOMEN'S ARTISTIC GYMNASTICS (WAG) SENIOR COACH

NHG Gymnastics provides a variety of gymnastics programs to the Auckland community with the main goal to create a positive environment and experience for all that encourages respect, excellence, integrity, and passion. We offer sport, health, and recreation to children, from toddlers to adults, both in recreational gymnastics all the way to international competitive gymnastics. We offer gymnastics across the Artistic, Trampoline, Rhythmic and Tumbling codes. With over 2,500 (and growing) members per term, schools delivery, holiday programs and over 100 staff, we are the largest Gymnastics Club in New Zealand.

We are now looking for a WAG coach to join our team of Performance STEPS Coaches. The role would see the ideal candidate coach up to 26 hours per week in the WAG Performance Programme. Coaching in other programmes, outside of WAG coaching hours, may be available for the right candidate to help increase the total hours of the role.

The successful candidate will need to have the following experience/skills and attributes:

- Relevant experience coaching gymnastics to girls, ideally in a STEPS Programme, or at a similar level to that between a Steps 7-10 skill range.
- A gymnastics coaching qualification. If not at the ideal level, then the club can help you progress along the coaching pathway to acquire necessary qualifications. Ongoing internal coach education will also be offered.
- Work well with children, and have an understanding of culturally acceptable approaches to coach and manage young gymnasts.
- Be passionate about coaching and passionate about gymnastics.
- Be reliable and punctual.
- Be a team player, wanting to become part of our family of coaches, staff, volunteers and gymnasts.
- Preferably have a current First Aid Certificate. If not the club can help you with this.
- Preferably have a Drivers License and own transport.

Our WAG Program has high quality coaching standards as well as a strong focus on athlete wellness, and as such produces wonderful athletes and people, therefore an inclination to working in this kind of environment is essential.

Remuneration is subject to experience and qualifications.

If interested, please send a current CV to: Cameron Beeton (Manager Competitive Gymnastics)
