Women's Artistic Gymnasts of the Year	Determined by the Awards Committee based on written nominations received - refer Gymnastics New Zealand General Regulations 11.4	BOP	Reece Cobb
Mahi Tahi (One Award presented Across All Codes)	Definition of the Award: to work together as one Open to: One province (encompassing all codes within that province) This is a new award for 2023 and was named by Megan from Gisborne Trampoline. This award has been introduced by Gymnastics NZ to encourage a supportive culture across codes within a province with a "team chant" Each province is challenged to create and learn a chant that can be called out by athlete and support members throughout the week no matter which code	CAN	

	you are in, it should be short and sharp, use appropriate language and cant not degrade any other province, code or team. This award will be selected by the floor managers and the Event Manager and the decision will be final.	
Women's Technical Committee Artistry Award, Nationals 2023 (Floor) Women's Technical Committee Artistry Award, Nationals 2023 (Beam)	Open to: STEP 5,6,7,8,9,10, Junior International and Senior International This year the Women's Technical Committee is introducing Artistry Awards for each Step, on Beam and Floor. By awarding excellent artistry performances, we hope to encourage more emphasis and understanding of the Artistry requirements introduced by FIG in 2022. There will be one award for Beam, and one award for Floor, for each step, overs and unders combined The recipient of each Artistry Award will be decided by the judging panels of Beam and Floor after day one of competition at the event. This will be assessed based on the FIG Artistry deductions that were introduced in this Olympic cycle. This will not necessarily be the highest floor or beam scores. A gymnast may have a fall but still demonstrate excellent artistry and therefore be a contender for an Artistry award. For further explanation of the FIG Artistry deductions please follow the link below. http://web-sts.com/Womens/JudgeInstructions/2022/Fx/A/index.html Please note: This award will be offered in 2023, and 2024 and will be reviewed at the same time as the Women's Artistic Competitive Program	

	Beam		Floor
