1.0 Introduction

This Qualification Criterion applies to all athletes wishing to be considered for selection by Gymnastics New Zealand (Gymnastics NZ) for the New Zealand Team to compete in the following 2025 Trampoline Aspiring Event:

1.1 Selection Process

The process for an athlete to qualify and be selected is as follows:

- b) The Technical Committee (TC) nominates eligible athletes (and reserves) to Gymnastics NZ at least two weeks prior to definitive entry deadline; then
- c) The Selectors will select the final team (including reserves) and will announce within 10 business days of receiving nominations.

An athlete's ability to meet this qualification criteria in no way guarantees nomination and/or automatic selection to the team.

The Selectors who will determine the athletes to be selected are:

- Trampoline Technical Committee together with the GNZ Head of Gymnastics.

2.0 Overriding Objective

The Selectors are to take into account the over-riding objective when determining the selection of athletes.

2.1 Over-riding Objective

The over-riding objective is that:

- The individual(s) must be capable of achieving a top 65% finish.

3.0 Eligibility

This eligibility criteria forms part of the qualification process and identifies athletes as being eligible for consideration for nomination and selection. This eligibility criteria in no way guarantees nomination and/or selection to the team.

In order to be eligible to be considered for nomination and selection an athlete must:

This application for exceptional circumstances needs to be sent to the GNZ Performance Manager prior to any provisional entry deadlines for the event.

4.0 Performance Criteria

This performance criteria forms part of the qualification process and identifies athletes as being eligible for consideration for nomination and selection. **This performance criteria in no way guarantees nomination and/or selection to the team.**

The maximum number of athletes selected to compete at each event will be determined in accordance with the specific event requirements. In instances where the number of athletes meeting the performance criteria outlined in clause 4.1 exceeds the number of available positions, selection will be based on the athletes' demonstrated placing percentage ability. Greater consideration will be given to athletes who exhibit consistent high-level performances across multiple key events, as opposed to those who have achieved a single exceptional result.

Athletes must meet the performance criteria as set out in clause 4.1.

4.1 Results at Key Events

Athletes must have achieved at minimum the following score/s at a key event/s:

Criteria 1.

	TRA Men	TRA Women	SYN Men	SYN Women	DMT Men	DMT Women	TUM Men	TUM Women
17-21 Years	95.0	92.0	45.0	44.0	49.0	47.0	45.0	43.5
15-16 Years	90.0	88.0	44.0	43.5	47.0	45.0	44.0	42.5
13-14 Years	88.0	85.0	43.0	43.0	45.0	43.0	43.0	41.5

Trampoline score – achieved using a set routine (for 13-14, 15-16 and 17-21) and a voluntary routine from either prelims or finals

Synchro Score – achieved from one voluntary routine

DMT Score – achieved from the combined score of the first two passes in the preliminary round or from two passes in the final round.

Tumbling Score – achieved from the combined score of the first two passes in the preliminary round or from two passes in the final round.

Note 1 – Synchro scores are only for those pairs trying to qualify for Synchro only. Other pairs may be added if each meet the individual qualification scores and will be paired up at the time of team nomination. These paired up individuals must have competed in synchro during the nomination period (not necessary to be the same pair).

Note 2 - Set routines will be an additional requirement for athletes aged 17-21 at the North and South Island Championships, performed as a separate trial event that does not contribute to the competition score. For athletes aged 17-21 and competing Senior at the Australian National Championships, their best set routine score from the North and South Island trial events will be combined with their best voluntary routine score from the Australian Nationals.

4.2 Other Competitions

In addition to the scores achieved at Key Events, the Selectors may take into account the results of eligible athletes at other gymnastic competitions held in New Zealand and internationally during the period of 1 July 2024 – 31 July 2025.

All scores and results taken into consideration for nomination and selection (including those at any Trial Event) must have been achieved during official sanctioned competitions (sanctioned by Gymnastics NZ, FIG, or another National Federation member of FIG) or trial competitions held in conformity with Gymnastics NZ competition technical requirements, under the jurisdiction of an official judging panel, chaired by a FIG Brevet Judge and agreed upon by Gymnastics NZ.

5.0 Overriding discretion

In addition to the aforementioned clauses, the following factors may be taken into account in considering athletes to be selected, at the discretion of the Selectors:

- a) The attitude and behaviour (past and current) of the athlete; and/or
- b) The athlete's current level of performance, skill, and fitness; and/or
- c) The consistency of the athlete's performance and results from the previous 12 months; and/or
- d) The selectors will have the overriding discretion to select a gymnast if they do not meet any of the performance criteria in clause 4.0 due to extenuating circumstances in clause 6.0, if there is evidence that the gymnast may achieve the overriding objective in clause 2.0; and/or
- e) The selectors will have the overriding discretion to not select a gymnast, regardless of having met any of the performance criteria in clause 4.0, if in the opinion of the selectors there is insufficient evidence that the gymnast may achieve the overriding objective in clause 2.0.

Recent performance will be weighted more heavily than eligibility or past performances outside of the qualification period.

6.0 Extenuating Circumstances

In considering the results of athletes at gymnastic competitions (including the trial events), or other attendances required under this qualification criteria, the Selectors, may in their discretion give weight to extenuating circumstances.

6.1 Definition

For the purpose of this Qualification Criteria, "extenuating circumstances" means an inability of the athlete to compete in and/or attend events (including the trial events), or other required attendances arising from:

- a) injury or illness of the athlete;
- b) equipment failure;
- c) travel delays;
- d) bereavement; and/or
- e) other such circumstances as the Selectors reasonably consider constitute extenuating circumstances.

The notice of extenuating circumstances must identify the reasons for extenuating circumstances.

6.3 Medical Assessments

In the case of injury or illness, athletes will be required to undergo a medical assessment by a doctor or doctors nominated by Gymnastics NZ, before the selectors can give any weight to any extenuating circumstances.

7.0 Maintain Performance Criteria

Following selection, Gymnastics NZ will undertake performance and fitness monitoring and/or testing as required. If a selected athlete does not continue to meet the performance criteria(s) in clause 4.0, the selectors may recommend the replacement of the athlete with a reserve athlete. Any costs incurred at this stage may be applied to the withdrawn athlete.

7.1 Athlete Appraisals

Athletes WILL be appraised no later than 4 weeks prior to departure for the tour or at any other time Gymnastics NZ deems appropriate. The appraisal may consist of a combination of physical, written and verbal assessment to ensure that the athlete is physically and mentally fit to compete, is continuing to exceed this qualification criteria and has been committed to their training programme. The physical assessment may also include video.

8.0 Team Announcements

In accordance with this qualification criteria, Gymnastics NZ will formally announce the tour Team via their website and / or e-News and / or any other way deemed appropriate. All team announcements will be posted to the [website](#).
