

Women's Artistic Qualifying Scores

Qualification Criteria

To be eligible for selection by their province

- STEP 5 and 6 gymnasts must achieve the qualification score on two separate occasions, one of which must be at a competition outside their home province. Day 1 and day 2 at the same competition do not constitute separate occasions.
- In STEP 7 and above, the gymnast must achieve the qualification score on one occasion.
- For STEP 5, 6 and 7, each province can enter a team of up to four gymnasts. Any additional athletes will be submitted to Gymnastics NZ to be ranked, and up to 72 gymnasts will be selected to attend Nationals. The ranking of these additional athletes will be determined using their top three all-around scores for STEP 5 and 6, and their highest single all-around score for STEP 7.
- Gymnasts in STEPs 5 to 7 must qualify based on their All Around score.
- Gymnasts in STEPs 8, 9, and 10 may qualify as apparatus specialists, but must qualify on a minimum of two apparatus.
- Gymnasts in Junior and Senior International who have qualified on one apparatus will be permitted to enter Nationals and compete, however only on the apparatus upon which they have achieved the qualification score.

Provinces may set higher or additional selection policies, at their discretion, as advised by individual provinces.

Qualifying Scores

STEP	2025 All Around Minimum Qualification Score	2025 Individual Apparatus Minimum Qualification Score
STEP 5	50.00	Not eligible
STEP 6	50.00	Not eligible
STEP 7	43.00	Not eligible
