Introduction

This handbook outlines the requirements of the New Zealand GymClub Challenge 2025.

Gymnastics New Zealand

As an International Gymnastics Federation member, Gymnastics NZ is the national governing body for gymnastics in New Zealand. We look after the sport across all codes from grassroots, through to high-performance athletes.

Our codes include both men's and women's artistic gymnastics, rhythmic, aerobics, trampoline and tumbling, Gymnastics NZ parkour, and recreation gymnastics. We work with technical committees to outline the New Zealand rules and regulations for each one of these codes.

Gymnastics NZ staff support clubs in the operational and technical delivery of the sport, through relationship managers, education, international tours, and head office.

Clubs are required to be a member of Gymnastics NZ to compete in the national competitive programmes.

Strategic Plan 2024-2030

This is the road map outlining what our priorities will be and why.

Our Vision – To be New Zealand's First Choice Sport.

This is a vision that we can measure and be inspired by. Gymnastics is a core foundational sport, whether we are your first sport, or your forever sport. And we believe that gymnastics sets you up for life.

Our Purpose – To Enable Positive Gymnastics Experiences for Everybody.

This purpose both guides and motivates us. Our athletes, volunteers, clubs, officials, and people are the reason we are here. We believe that everybody involved in our sport deserves a positive, enjoyable, fun, experience at every level of sport.

Our Values

These are the key behaviours we believe the organisation needs in order to achieve success for our sport, and should underpin everything that we do. They were designed by our team, based on community feedback and interactions.

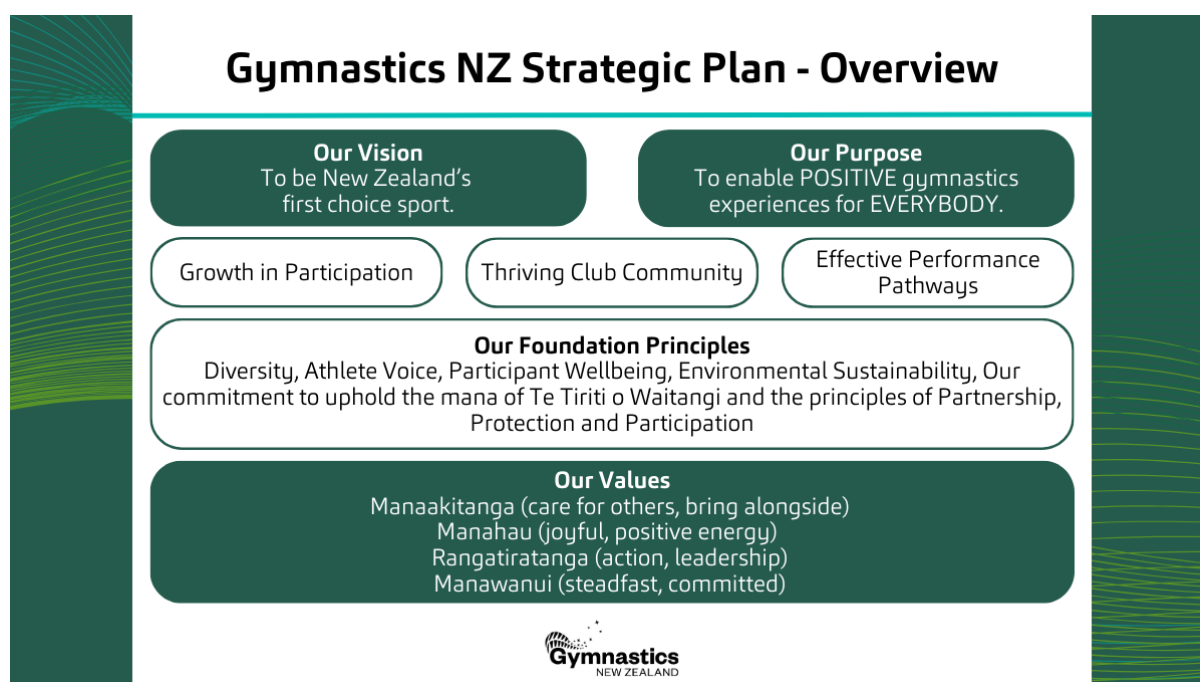

Our Strategic Priorities

These are the key outcomes we are looking to achieve by 2030. These outcomes were set by the Board after careful consideration, and feedback from the community through our club hui.

- Growth in participation.
- Thriving club communities.
- Established performance pathways.

We believe these are the three areas of focus that will deliver on our vision to be New Zealand's first choice sport.

[You can find the full strategic plan on our website.](#)

Safe Sport

Gymnastics NZ is committed to creating a positive culture within the sport of gymnastics that prioritises the safety and wellbeing of all involved, with particular emphasis on children and young people. This includes both the prevention of harm within gymnastics as well as recognising and responding to concerns, disclosures, and allegations both within and outside of the sport.

Those involved in the delivery of gymnastics including coaches, judges, administrators and committee/board members should be familiar with the [Gymnastics NZ Safeguarding and Child Protection Policy](#) and abide by the expectations and processes outlined within it.

It is important that any concerns regarding child safety and wellbeing are raised as soon as possible. This could involve contacting your Club Safeguarding Lead, the Event Manager (if you are at an event), or by completing a Safe Sport form on the [Gymnastics NZ website](#). Identifying and addressing concerns early and at the appropriate level is an important part of creating a safe and positive culture within the sport of gymnastics.

Please refer to the [Gymnastics NZ website](#) for more information on how concerns and complaints are handled and for the Gymnastics NZ Complaints Policy.

Gymnastics NZ Code of Behaviour

The [Gymnastics NZ Code of Behaviour](#) applies to anyone involved in the sport of gymnastics in New Zealand, whether they are an athlete or in a paid or unpaid/voluntary capacity with Gymnastics NZ or an affiliated club or organisation.

1. Respect the rights, dignity and worth of every individual athlete as a human being. Treat everyone equally regardless of sex, disability, ethnic origin or religion. Respect the talent, development stage and goals of each athlete to reach their desired potential.
2. Protect athletes from all forms of abuse. Refrain from any form of verbal, physical, or emotional abuse towards athletes. Refrain from any form of sexual or racial harassment, whether verbal or physical. Do not harass, abuse, or discriminate against athletes based on their sex, marital status, sexual orientation, religious or ethical beliefs, race, colour, ethnic origins, employment status, disability, or distinguishing characteristics. Any physical contact with athletes should be appropriate to the situation and necessary for the athlete's skill development. Be alert to any forms of abuse directed towards athletes from other sources while in your care. You must raise any concerns you have regarding the treatment of any athlete by another coach, volunteer, parent etc. in accordance with this code or any other relevant policies and procedures e.g. Safeguarding and Child Protection Policy.
3. Provide a safe environment for training and competition. Adopt appropriate risk management strategies to ensure the training and/or competition environment is safe. Ensure equipment and facilities meet safety standards. Ensure equipment, rules, training, and the environment are appropriate for the age, physical and emotional maturity, experience, and ability of athletes. Show concern and caution toward

sick and injured athletes. Allow further participation in training and competition only when appropriate. Encourage athletes to seek medical advice when required. Provide a modified training programme where appropriate. Maintain the same interest and support toward sick and injured athletes as you would the healthy athletes.

4. Make a commitment to providing a quality service for all athletes.
Seek continual improvement through ongoing education, and other personal and professional development opportunities. Provide athletes with planned and structured input appropriate to their needs and goals. Seek advice and assistance from professionals when additional expertise is required. Maintain appropriate records.
5. Maintain a high standard of integrity.
Operate within the rules of the sport and in the spirit of fair play, while encouraging athletes to do the same. Advocate a sporting environment free of drugs and other performance enhancing substances with the guidelines of the Drug Free Sport New Zealand and World Anti-Doping Code. Do not disclose any confidential information relating to athletes without their prior written consent.
6. Be a positive role model for the sport and athletes and act in a way that projects a positive image.
All athletes are deserving of equal attention and opportunities. Ensure the athlete's time spent with you is a positive experience. Be fair, considerate, and honest with athletes. Encourage and promote a healthy lifestyle – refrain from smoking and drinking alcohol around athletes.
7. Professional responsibilities.
Display high standards in your language, manner, punctuality, preparation, and presentation. Display control, courtesy, respect, honesty, dignity and professionalism to all involved within the sphere of sport – this includes opponents, coaches, officials, administrators, media, parents, and spectators. Encourage athletes to demonstrate the same qualities. Be professional and accept responsibility for your actions. You should not only refrain from initiating a sexual relationship with an athlete but should also discourage any attempt by an athlete to initiate a sexual relationship with you, explaining the ethical basis of your refusal. Accurately represent personal qualifications, experience, competence, and affiliation.
